

GRADUATE PROGRAM

2022

START YOUR CAREER WISELY

SNB Capital Graduate Program aims to get your career off on the right track. It is the industry's most prestigious rotation program, designed with the dual objective of: (i) giving participants the opportunity to work with different teams within SNB Capital, and (ii) enabling our Divisions the opportunity to identify talented individuals who might join them at the end of the program.

Over the course of 12 months, program participants will be immersed in the activities of selected SNBC businesses and enabling functions, and will also be given the opportunity to acquire/develop their technical and professional skills, and build relationships with people who are passionate about their jobs and careers.

WHY US?

We invest in our people because "your success is our success"!

We have a commitment to our people in giving them the right trainings and experiences to move and grow within any part of the business and as your experience grows, the support and training will grow too.

WHO ARE WE LOOKING FOR?

We have a range of interesting opportunities that could be just right for you! Therefore, we welcome people with different backgrounds and majors; however, there are special traits which we like to focus on:

Hard Workers & Agile Learners

We will provide you with many methods of growth and development and we expect you to commit to learning new responsibilities and tasks, and always pursue new ways to grow.

Excellent Communicators

We believe excellent communicators deliver ideas and information clearly and concisely.

Team Players

Because together we can do so much, each team member is proactively assisting their teammates and continuously willing to participate in team activities.
